

## Planning Applications DISCUSSED - SEPTEMBER 2014

| Application/Enforcement Number       | Appeal Number | Site Address  | Description of proposal  | Reply by Date                               | COMMENTS   |
|--------------------------------------|---------------|---|--|---|--|
| <a href="#"><u>TWC/2014/0767</u></a> | N/A           | Telford Forge Retail Car Park, Colliers Way, Old Park, Telford, Shropshire, TF3 4AG | Change of use of part of car park to hand car wash and valeting facility with the erection of a canopy and cabin   | 23/09/2014<br><br>Extended until 30/09/2014 | We object to this application on the grounds of potential congestion in that vicinity, it is taking up spaces on an already busy car park and in reality who is to monitor how many spaces this business will take up. The slope/gradient of the land is adverse to the needs and waste water will find its way onto the car park despite them saying all cars will be washed in the canopied area.  |
| <a href="#"><u>TWC/2014/0777</u></a> | N/A           | Land opposite Blackbird Close, Overdale, Telford, Shropshire                        | Engineering works to facilitate the future creation of sports pitches  | 23/09/2014<br><br>Extended until 30/09/2014 | We support the facilitation of these much needed pitches in the local area but are concerned about the future plans for these pitches for whole community use.   |
| <a href="#"><u>TWC/2014/0780</u></a> | N/A           | 9 The Crest, Old Park, Telford, Shropshire, TF3 4TJ                                 | Erection of a first floor side extension   | 26/09/2014<br><br>Extended until 30/09/2014 | No Objection   |
| <a href="#"><u>TWC/2014/0802</u></a> | N/A           | Severn Hospice, Unit H, Poyners Court, Lawley, Telford, Shropshire, TF3 5FB         | Installation of 1No. fascia sign (Retrospective)   | 03/10/2014                                  | No Objection   |
| <a href="#"><u>TWC/2014/0553</u></a> | N/A           | 3 Well Croft, Lawley Village, Telford, Shropshire, TF4 2FH                          | Installation of 2no. rear dormer windows and 3no. roof lights on rear elevation in association with a loft conversion ***Amended Description and Amended Plans Received*** | 29/09/2014<br><br>Extended until 30/09/2014 | We object to the application for dormer windows to be put on the rear of the property as they will compromise the privacy of neighbouring properties. There are houses that have dormer windows on the front of their properties in the same street. The amendment shows opaque glass in the windows but we object on the same grounds as before. Any windows to the rear elevation should only be roof lights so as not to compromise privacy |
