

Debt help and support for you in Telford

Debt hasn't stopped because of coronavirus. In fact, the COVID-19 pandemic has seen a tidal wave of people facing unemployment, struggling with money and in desperate need of a lifeline.

If you're in debt and need support, we're here for you. Our CAP Debt Centre here in Telford is continuing to provide our life-transforming service while following the Government's social distancing advice. Debt hasn't stopped because of coronavirus – and neither have we.

'We're committed to supporting our clients during this time as they bravely face even more challenges than usual.'

Jane Preston, Telford
CAP Debt Centre
manager
